

## Hey A Whole New World Parents – exciting news!

A Whole New World has partnered with Yumble to provide lunches for your kids! Check out below to learn more about Yumble and our meals.

### What is Yumble?

Yumble makes fresh, healthy meals for kids and ships those direct to families and daycares around the country. Yumble was born when our founder and mother of three, Joanna Parker, realized how challenging it was to put food on the table for her three picky kids. She spent two years perfecting recipes that are super healthy and kid-friendly!

Our fearless founder, Joanna
